WHAT TO KNOW WHILST ON CAMP

The following are a few things to be mindful of when on camp.

Camp houses

Please be aware that furniture and bedding are not to be moved between or out of houses, mattresses are to be left on the beds and not used on the floors.

Rubbish

Wheelie bins have been provided in various locations for your use. These should be empty (or close to it) upon your arrival onsite. They will be emptied after you depart. Should you notice that your bins are becoming full, please inform a staff member who will ensure they are emptied. Please do not leave rubbish bags out of bins as the wildlife onsite will make a mess of them.

Toilets and shower

Each camp house has its own bathrooms with showers and toilets, some also have universal access facilities. We ask that after returning from the river, groups use the taps outside to remove any excess dirt prior to entering the houses. There are also toilets located around the site. If you notice the toilet paper supplies becoming low, please inform one of our staff members who will restock them.

Laundry facilities

Your group has access to a free-to-use washing machine and coin-operated dryer. Groups are requested to provide washing detergent for these machines.

Cleaning responsibilities and equipment

Each camp house has cleaning equipment. It is your group's responsibility to ensure your house(s) are kept clean during your stay. This includes any mopping of spilt liquids and removal of dirt and rubbish from the floors. Housekeeping will service toilets and common areas.
